Contract

- 1 Pricing excludes VAT, if applicable.
- 2 The quotation is valid for **60 days** for the items listed out, quantified and included in the total; anything not mentioned or not included in the total is to be deemed excluded.
- 3 Models and specification of products quoted may be changed by manufacturers in the course of the project. Flagstaffe Ltd revers the right to amend the offer accordingly and propose current alternatives.
- 4 The quotation is based on the DDA requirements as shown on the drawings/specification document. Flagstaffe Ltd takes no responsibility for compliance with DDA regulations and any agreements made with Client on this specific project.
- 5 The quotation is based on the whole order being placed with Flagstaffe Ltd. Changes to scope may affect pricing.

Delivery

- 1 Skips are excluded (to be provided by Main Contractor); Flagstaffe Ltd will segregate waste as directed by the Main Contractor.
- 2 Horizontal distribution is included; vertical distribution is excluded. Main contractor to provide vertical distribution assistance (for instance, goods hoist or forklift and driver).
- 3 Safe access for distribution of materials will be required, with no materials of others impeding access through stairways or corridors or bedrooms/kitchens themselves.
- 4 Quotation is based on available access for articulated lorries, with off-load within 25metres of vertical distribution point.
Minor damage to rooms during distribution and installation, due to the bulky nature of the materials, is to be expected. No contra charges for repairs will be accepted unless there is evident malicious damage or lack of care on the part of Flagstaffe's operatives. In such situations, a clear link and proof will have to be provided by the Main Contractor (signed off areas before and after FF&E distribution and installation).
- 6 It is recommended that final decorations are carried out after FF&E distribution and installation.
- 7 Builder's clean included; sparkle clean excluded.
All furniture is to be installed in suitable conditions to prevent damage. This includes no standing or dripping water, dry walls, temperature between 10 and 30 degrees and relative humidity of 35 to 65 percent. Failure to do so may lead to product failure. Flagstaffe Ltd will not take responsibility for site conditions and subsequent product failure should it occur.
- 9 Unless specifically stated and priced, scribing to uneven floors or walls is not included.

Design

- 1 Flagstaffe Ltd will provide detailed drawings for each room type. Design responsibility remains with principal designer. Explicit sign-off will be required before bulk manufacturing.
- 2 Flagstaffe Ltd will provide advice, but will take no responsibility for compliance with local HMO regulations.
- 3 Flagstaffe Ltd will seal any cut-outs in worktops in kitchens (for instance for sink or hob); All other mastic or caulking is not included.
- 4 Flagstaffe Ltd do not offer wet connections; dry fit included only.
- 5 Sink traps excluded; waste outlet included only.
- 6 Taps include tails, connected to the tap by FF&E installers.
- 7 Any commissioning of electrical or wet connections excluded.
- 8 Flagstaffe Ltd do not offer electrical connections (other than plugging in, if priced).
- 9 If appliances do not come with flexes, they are to be provided and fixed by the M&E contractor.
- 10 Flagstaffe Ltd will take no responsibility for compliance with Fire Regulations.
- 11 If Fire Equipment is provided, any commissioning is excluded.
